

IL12B polyclonal antibody

Catalog # PAB25159 Size 100 uL

Applications

Western Blot (Cell lysate)

Western blot analysis of K-562 cell lysate with IL12B polyclonal antibody (Cat # PAB25159).

Specification

Product Description	Rabbit polyclonal antibody raised against synthetic peptide of IL12B.
Immunogen	A synthetic peptide corresponding to IL12B.
Host	Rabbit
Theoretical MW (kDa)	44
Reactivity	Human
Specificity	IL12B polyclonal antibody detects endogenous levels of IL12B protein.
Form	Liquid
Purification	Affinity purification
Concentration	1 mg/mL
Recommend Usage	Western Blot (1:500-1:1000) The optimal working dilution should be determined by the end user.
Storage Buffer	In PBS, pH 7.2 (0.05% sodium azide)

Storage Instruction

Store at 4°C. For long term storage store at -20°C.
Aliquot to avoid repeated freezing and thawing.

Note

This product contains sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Applications

- Western Blot (Cell lysate)

Western blot analysis of K-562 cell lysate with IL12B polyclonal antibody (Cat # PAB25159).

Gene Summary

This gene encodes a subunit of interleukin 12, a cytokine that acts on T and natural killer cells, and has a broad array of biological activities. Interleukin 12 is a disulfide-linked heterodimer composed of the 40 kD cytokine receptor like subunit encoded by this gene, and a 35 kD subunit encoded by IL12A. This cytokine is expressed by activated macrophages that serve as an essential inducer of Th1 cells development. This cytokine has been found to be important for sustaining a sufficient number of memory/effector Th1 cells to mediate long-term protection to an intracellular pathogen. Overexpression of this gene was observed in the central nervous system of patients with multiple sclerosis (MS), suggesting a role of this cytokine in the pathogenesis of the disease. The promoter polymorphism of this gene has been reported to be associated with the severity of atopic and non-atopic asthma in children. [provided by RefSeq]
