

# CC2D1A polyclonal antibody

Catalog # PAB30390

Size 100 uL

## Applications

### Immunohistochemistry (Formalin/PFA-fixed paraffin-embedded sections)

Immunohistochemical staining (Formalin-fixed paraffin-embedded sections) of human liver with CC2D1A polyclonal antibody (Cat # PAB30390) shows strong cytoplasmic positivity in hepatocytes at 1:50-1:200 dilution.

## Specification

|                     |                                                                                                                                                         |
|---------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------|
| Product Description | Rabbit polyclonal antibody raised against partial recombinant human CC2D1A.                                                                             |
| Immunogen           | Recombinant protein corresponding to human CC2D1A.                                                                                                      |

| Host                | Rabbit                                                                                                                                                  |
| Reactivity          | Human                                                                                                                                                   |
| Form                | Liquid                                                                                                                                                  |
| Purification        | Antigen affinity purification                                                                                                                           |
| Isotype             | IgG                                                                                                                                                     |
| Recommend Usage     | Immunohistochemistry (Formalin/PFA-fixed paraffin-embedded sections) (1:50-1:200)<br>The optimal working dilution should be determined by the end user. |
| Storage Buffer      | In PBS, pH 7.2 (40% glycerol, 0.02% sodium azide).                                                                                                      |

**Storage Instruction**

Store at 4°C. For long term storage store at -20°C.  
Aliquot to avoid repeated freezing and thawing.

**Note**

This product contains sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

## Applications

- Immunohistochemistry (Formalin/PFA-fixed paraffin-embedded sections)

Immunohistochemical staining (Formalin-fixed paraffin-embedded sections) of human liver with CC2D1A polyclonal antibody (Cat # PAB30390) shows strong cytoplasmic positivity in hepatocytes at 1:50-1:200 dilution.

## Gene Info — CC2D1A

**Entrez GeneID**[54862](#)**Protein Accession#**[Q6P1N0](#)**Gene Name**

CC2D1A

**Gene Alias**

FLJ20241, FLJ41160, FREUD-1, Freud-1/Aki1, MRT3

**Gene Description**

coiled-coil and C2 domain containing 1A

**Omim ID**[608443 610055](#)**Gene Ontology**[Hyperlink](#)**Gene Summary**

nonsyndromic

**Other Designations**

mental retardation, nonsyndromic, autosomal recessive, 3|putative NFkB activating protein

## Disease

- [Macular Degeneration](#)
