

AFP polyclonal antibody

Catalog # PAB7938 Size 1 mg

Specification	
Product Description	Goat polyclonal antibody raised against native AFP.
Immunogen	Human cord blood AFP.
Host	Goat
Reactivity	Human
Specificity	This antibody is specific to AFP. No cross-reactivity with human Albumin, CEA, Ferritin, hCG, PAP, and PSA.
Form	Liquid
Purification	Affinity column chromatography purification
Recommend Usage	Sandwich ELISA (For solid phase immobilization (capture) or enzyme conjugation (detection) in the human AFP sandwich immunoassay.) The optimal working dilution should be determined by the end user.
Storage Buffer	In 15 mM KPO ₄ buffer, 0.85% NaCl, pH 7.4 (0.09% sodium azide).
Storage Instruction	Store at 4°C. DO NOT FREEZE. Precipitation may occur upon freezing.
Note	This product contains sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which shoul d be handled by trained staff only.

Applications

Sandwich ELISA

Gene Info — AFP

Entrez GenelD <u>174</u>

Product Information

Gene Name	AFP
Gene Alias	FETA, HPAFP
Gene Description	alpha-fetoprotein
Omim ID	104150
Gene Ontology	<u>Hyperlink</u>
Gene Summary	This gene encodes alpha-fetoprotein, a major plasma protein produced by the yolk sac and the liver during fetal life. Alpha-fetoprotein expression in adults is often associated with hepatoma or ter atoma. However, hereditary persistance of alpha-fetoprotein may also be found in individuals with no obvious pathology. The protein is thought to be the fetal counterpart of serum albumin, and the alpha-fetoprotein and albumin genes are present in tandem in the same transcriptional orientation on chromosome 4. Alpha-fetoprotein is found in monomeric as well as dimeric and trimeric forms, and binds copper, nickel, fatty acids and bilirubin. The level of alpha-fetoprotein in amniotic fluid is used to measure renal loss of protein to screen for spina bifida and anencephaly. [provided by RefSeq
Other Designations	OTTHUMP00000160480 alpha-1-fetoprotein alpha-fetoglobulin

Disease

- Carcinoma
- <u>Liver Cirrhosis</u>
- Liver Neoplasms
