

RecomAb™

Beta-galactosidase recombinant Fab fragment

Catalog # RAB00031 Size 200 ug

Specification

Product Description	His-tagged mouse recombinant Fab fragment raised against beta-galactosidase.
----------------------------	--

Antibody Species	Mouse
-------------------------	-------

Original clone	13R4
-----------------------	------

Immunogen	Original antibody is raised against beta-galactosidase.
------------------	---

Reactivity	Escherichia coli
-------------------	------------------

Specificity	This Fab fragment recognizes wild-type <i>E. coli</i> beta-galactosidase.
--------------------	---

Form	Liquid
-------------	--------

Purification	Immobilized Metal Affinity Chromatography
---------------------	---

Isotype	Mouse Fab fragment, His-tagged, lambda
----------------	--

Recommend Usage	Flow Cytometry (1 ug/mL) Negative control Western Blot (1 ug/mL) The optimal working dilution should be determined by the end user.
------------------------	--

Storage Buffer	In PBS, pH 7.2 (0.02% Proclin 300)
-----------------------	------------------------------------

Storage Instruction	Store at 4°C for up to 3 months. For long term storage store at -20°C. Aliquot to avoid repeated freezing and thawing.
----------------------------	---

Applications

- Western Blot
- Flow Cytometry
