

RecomAb™

Beta-Galactosidase recombinant monoclonal antibody, clone 13R4

Catalog # RAB00152 Size 200 ug

Specification

Product Description	Mouse recombinant monoclonal antibody raised against Beta-Galactosidase.
----------------------------	--

Antibody Species	Mouse
-------------------------	-------

Immunogen	Original antibody is raised against beta-galactosidase.
------------------	---

Reactivity	Escherichia coli
-------------------	------------------

Specificity	This antibody recognizes wild-type <i>E. coli</i> beta-galactosidase.
--------------------	---

Form	Liquid
-------------	--------

Purification	Protein A affinity purification
---------------------	---------------------------------

Isotype	IgG3, lambda
----------------	--------------

Recommend Usage	Flow Cytometry (1 ug/mL) Negative Control Western Blot (1 ug/mL) The optimal working dilution should be determined by the end user.
------------------------	--

Storage Buffer	In PBS, pH 7.2 (0.02% Proclin 300)
-----------------------	------------------------------------

Storage Instruction	Store at 4°C. For long term storage store at -20°C. Aliquot to avoid repeated freezing and thawing.
----------------------------	--

Applications

- Western Blot
- Flow Cytometry
