

 $RecomAb^{\mathsf{TM}}$ 

## CHGA recombinant monoclonal antibody, clone CHGA/1731R

Catalog # RAB00320 Size 100 ug

## **Applications**

# Immunohistochemistry (Formalin/PFA-fixed paraffinembedded sections)

Immunohistochemical staining (Formalin-fixed paraffin-embedded sections) of human pancreas (A) and human parathyroid (B) with CHGA recombinant monoclonal antibody, clone CHGA/1731R (Cat # RAB00320).

Rabbit recombinant monoclonal antibody raised against human CHGA.
Rabbit
Original antibody is raised against recombinant protein corresponding to full length human CHGA.
68-75
Human
Liquid
Protein A/G purification
lgG, kappa

#### **Product Information**

Recommend Usage	Flow Cytometry (0.5-1 ug/10 <sup>6</sup> cells) Immunofluorescence (1-2 ug/mL) Immunohistochemistry (Formalin/PFA-fixed paraffin-embedded sections) (0.25-0.5 ug/mL) The optimal working dilution should be determined by the end user.
Storage Buffer	In 10 mM PBS
Storage Instruction	Store at -20 to -80°C. Aliquot to avoid repeated freezing and thawing.

## **Applications**

Immunohistochemistry (Formalin/PFA-fixed paraffin-embedded sections)

Immunohistochemical staining (Formalin-fixed paraffin-embedded sections) of human pancreas (A) and human parathyroid (B) with CHGA recombinant monoclonal antibody, clone CHGA/1731R (Cat # RAB00320).

Gene Info — CHGA	
Entrez GenelD	1113
Protein Accession#	<u>P10645</u>
Gene Name	CHGA
Gene Alias	CGA
Gene Description	chromogranin A (parathyroid secretory protein 1)
Omim ID	118910
Gene Ontology	<u>Hyperlink</u>
Gene Summary	The protein encoded by this gene is a member of the chromogranin/secretogranin family of neuro endocrine secretory proteins. It is found in secretory vesicles of neurons and endocrine cells. This gene product is a precursor to three biologically active peptides; vasostatin, pancreastatin, and p arastatin. These peptides act as autocrine or paracrine negative modulators of the neuroendocrin e system. Other peptides, including chromostatin, beta-granin, WE-14 and GE-25, are also derive d from the full-length protein. However, biological activities for these molecules have not been sho wn. [provided by RefSeq

#### **Product Information**

**Other Designations** 

betagranin (N-terminal fragment of chromogranin A)|chromogranin A|parathyroid secretory protein
