

RecomAb™

ELN recombinant monoclonal antibody, clone ELN/3131R

Catalog # RAB00406 Size 100 ug

Applications

Immunohistochemistry (Formalin/PFA-fixed paraffin-embedded sections)

Immunohistochemical staining (Formalin-fixed paraffin-embedded sections) of human small intestine with ELN recombinant monoclonal antibody, clone ELN/3131R (Cat # RAB00406).

Specification

Product Description	Rabbit recombinant monoclonal antibody raised against human ELN.
Antibody Species	Rabbit
Immunogen	Original antibody is raised against recombinant protein corresponding to full length human ELN.
Theoretical MW (kDa)	70
Reactivity	Human
Form	Liquid
Purification	Protein A/G purification
Isotype	IgG
Recommend Usage	Immunohistochemistry (Formalin/PFA-fixed paraffin-embedded sections) (1-2 ug/mL) The optimal working dilution should be determined by the end user.
Storage Buffer	In 10 mM PBS

Storage Instruction

Store at -20 to -80°C.
Aliquot to avoid repeated freezing and thawing.

Applications

- Immunohistochemistry (Formalin/PFA-fixed paraffin-embedded sections)

Immunohistochemical staining (Formalin-fixed paraffin-embedded sections) of human small intestine with ELN recombinant monoclonal antibody, clone ELN/3131R (Cat # RAB00406).

Gene Info — ELN

Entrez GeneID [2006](#)

Protein Accession# [P15502](#)

Gene Name ELN

Gene Alias FLJ38671, FLJ43523, SVAS, WBS, WS

Gene Description elastin

Omim ID [123700](#) [130160](#) [185500](#)

Gene Ontology [Hyperlink](#)

Gene Summary This gene encodes a protein that is one of the two components of elastic fibers. The encoded protein is rich in hydrophobic amino acids such as glycine and proline, which form mobile hydrophobic regions bounded by crosslinks between lysine residues. Deletions and mutations in this gene are associated with supravulvar aortic stenosis (SVAS) and autosomal dominant cutis laxa. Multiple transcript variants encoding different isoforms have been found for this gene. [provided by RefSeq]

Other Designations OTTHUMP00000196667|tropoelastin
