

RecomAb™

FGA recombinant monoclonal antibody, clone 3B6

Catalog # RAB03409 Size 200 ug

Specification

Product Description	Mouse recombinant monoclonal antibody raised against human FGA.
----------------------------	---

Antibody Species	Mouse
-------------------------	-------

Immunogen	Original antibody is raised against human cross-linked D-Dimer.
------------------	---

Reactivity	Human
-------------------	-------

Form	Liquid
-------------	--------

Isotype	IgG3 kappa
----------------	------------

Recommend Usage	ELISA LFIA Latex and RBC Agglutination The optimal working dilution should be determined by the end user.
------------------------	--

Storage Buffer	In PBS with 0.02% Proclin 300
-----------------------	-------------------------------

Storage Instruction	Store at 4°C for up to 3 months. For longer storage, aliquot and store at -20°C. Aliquot to avoid repeated freezing and thawing.
----------------------------	---

Applications

- Enzyme-linked Immunoabsorbent Assay
- Lateral-Flow Immunochromatographic Assay
- Agglutination

Gene Info — FGA

Entrez GeneID	2243
Gene Name	FGA
Gene Alias	Fib2, MGC119422, MGC119423, MGC119425
Gene Description	fibrinogen alpha chain
Omim ID	105200 134820 202400
Gene Ontology	Hyperlink
Gene Summary	The protein encoded by this gene is the alpha component of fibrinogen, a blood-borne glycoprotein comprised of three pairs of nonidentical polypeptide chains. Following vascular injury, fibrinogen is cleaved by thrombin to form fibrin which is the most abundant component of blood clots. In addition, various cleavage products of fibrinogen and fibrin regulate cell adhesion and spreading, display vasoconstrictor and chemotactic activities, and are mitogens for several cell types. Mutations in this gene lead to several disorders, including dysfibrinogenemia, hypofibrinogenemia, afibrinogenemia and renal amyloidosis. Alternative splicing results in two isoforms which vary in the carboxy-terminus. [provided by RefSeq]
Other Designations	fibrinogen, A alpha polypeptide fibrinogen, alpha chain, isoform alpha preproprotein fibrinogen, alpha polypeptide
