

RecomAb™

# Isotype control recombinant monoclonal antibody, clone MOPC-21

Catalog # RAB03935      Size 200 ug

## Specification

**Product Description** Rabbit recombinant monoclonal antibody raised against Negative Control.

**Antibody Species** Rabbit

**Reactivity** Rabbit

**Form** Liquid

**Isotype** IgG kappa

**Recommend Usage** Negative Control  
The optimal working dilution should be determined by the end user.

**Storage Buffer** In PBS (0.02% Proclin 300)

**Storage Instruction** Store at 4°C for 3 months. For long term storage store at -20°C.  
Aliquot to avoid repeated freezing and thawing.

## Applications

- Control
