

CytoQuest™ MicroBlocker

Catalog # U0335

Size 0.1 mL

Specification

Product Description	CytoQuest™ MicroBlocker inhibits non-specific binding of RBC and WBC to the Micromixer.
----------------------------	---

Instrument Requirement	CytoQuest™ CR
-------------------------------	-------------------------------

Chip Requirement	CytoChipNano
-------------------------	------------------------------

Supplied Product	CytoQuest™ MicroBlocker
-------------------------	-------------------------

*Reagent is sufficient for 20 assays using recommended protocol.

Regulatory Status	For research use only (RUO)
--------------------------	-----------------------------

Storage Instruction	Store at 4°C.
----------------------------	---------------

Applications

- Immunofluorescence (Circulating Rare Cell)
