

# PSMA magnetic beads

Catalog # U0381

Size 200 uL

## Specification

<b>Product Description</b>	PSMA monoclonal antibody conjugated magnetic beads for cell separation and purification.
<b>Particle Core</b>	Iron oxide (Fe <sub>3</sub> O <sub>4</sub> )
<b>Particle Coating</b>	Hydrophilic layer of glycidyl ether
<b>Surface Modification</b>	PSMA monoclonal antibody
<b>Particle Size</b>	1 um in diameter
<b>Storage Buffer</b>	In PBS, pH 7.4 (0.1% BSA, 0.1% Tween 20, and 0.09% sodium azide)
<b>Storage Instruction</b>	Stored at 2-8°C.

## Applications

- Purification
