

# N1-Me-Pseudo UTP

Catalog # U0448

Size

## Specification

<b>Product Description</b>	N1-Me-Pseudo UTP is an modified nucleotide that can replace the natural cap and is added to in vitro transcription to reduce the autoimmunity, and can further improve the expression efficiency of mRNA by increasing the abundance of ribosome binding.
<b>Form</b>	Liquid
<b>Purity</b>	≥ 99%
<b>Storage Buffer</b>	This product is in the form of sodium salt solution, prepared in ultrapure water.
<b>Storage Instruction</b>	Store at -20°C. Aliquot to avoid repeated freezing and thawing.

## Applications

- In vitro Transcription
