

DXD monoclonal antibody, clone 8D12C11 (HRP)

Catalog # MAB23685 Size 100 uL

Specification

Product Description	Mouse monoclonal antibody raised against human DXD.
Immunogen	A synthetic peptide (conjugated with BSA) corresponding to DXD.
Host	Mouse
Form	Liquid
Conjugation	HRP
Purification	Affinity chromatography
Isotype	IgG2a
Regulation Status	For research use only (RUO)
Recommend Usage	ELISA The optimal working dilution should be determined by the end user.
Storage Buffer	In 0.01 M PBS, pH7.4 (50% glycerol and 0.03% Proclin 300)
Storage Instruction	Store at -20°C or -80°C. Aliquot to avoid repeated freezing and thawing.

Applications

- Enzyme-linked Immunoabsorbent Assay
