

XRCC3 rabbit monoclonal antibody

Catalog # H00007517-K

Size 100 ug x up to 3

Specification

Product Description	Rabbit monoclonal antibody raised against a human XRCC3 peptide using ARM Technology.
Immunogen	A synthetic peptide of human XRCC3 is used for rabbit immunization. Customer or Abnova will decide on the preferred peptide sequence.
Host	Rabbit
Library Construction	Non-fusion antibody library from rabbit spleen (ARM Technology).
Expression	Overexpression vector and transfection into 293H cell line.
Reactivity	Human
Purification	Protein A
Isotype	IgG
Quality Control Testing	Antibody reactive against human XRCC3 peptide by ELISA and mammalian transfected lysate by Western Blot.
Storage Buffer	In 1x PBS, pH 7.4
Storage Instruction	Store at -20°C or lower. Aliquot to avoid repeated freezing and thawing.
Deliverable	Up to three rabbit IgG clones of 100 ug each will be delivered to customer.
Note	1. Customer may provide cell or tissue lysate for antibody screening. 2. Rabbit monoclonal antibody generated by ARM technology is amenable to antibody engineering including F(ab) ₂ , IgG, scFv and different Fc and non-Fc conjugates per customer request.

Applications

- Western Blot (Transfected lysate)

[Protocol Download](#)

- ELISA

Gene Info — XRCC3

Entrez GeneID	7517
GeneBank Accession#	XRCC3
Gene Name	XRCC3
Gene Alias	-
Gene Description	X-ray repair complementing defective repair in Chinese hamster cells 3
Omim ID	600675
Gene Ontology	Hyperlink
Gene Summary	This gene encodes a member of the RecA/Rad51-related protein family that participates in homologous recombination to maintain chromosome stability and repair DNA damage. This gene functionally complements Chinese hamster irs1SF, a repair-deficient mutant that exhibits hypersensitivity to a number of different DNA-damaging agents and is chromosomally unstable. A rare microsatellite polymorphism in this gene is associated with cancer in patients of varying radiosensitivity. Alternatively spliced transcript variants encoding the same protein have been identified. [provided by RefSeq]
Other Designations	DNA repair protein XRCC3 RAD51-like X-ray repair cross complementing protein 3 X-ray-repair, complementing defective, repair in Chinese hamster
