

MaxPab®

# ARHGAP28 MaxPab mouse polyclonal antibody (B01P)

Catalog # H00079822-B01P

Size 50 ug

## Applications

### Western Blot (Transfected lysate)

Western Blot analysis of ARHGAP28 expression in transfected 293T cell line ([H00079822-T01](#)) by ARHGAP28 MaxPab polyclonal antibody.

Lane 1: ARHGAP28 transfected lysate(59.95 KDa).

Lane 2: Non-transfected lysate.

## Specification

|                         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |

| Quality Control Testing | Antibody reactive against mammalian transfected lysate.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
| Storage Buffer          | In 1x PBS, pH 7.4                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |

**Storage Instruction**

Store at -20°C or lower. Aliquot to avoid repeated freezing and thawing.

## Applications

- Western Blot (Transfected lysate)

Western Blot analysis of ARHGAP28 expression in transfected 293T cell line ([H00079822-T01](#)) by ARHGAP28 MaxPab polyclonal antibody.

Lane 1: ARHGAP28 transfected lysate(59.95 KDa).

Lane 2: Non-transfected lysate.
