

# S100B (Human) ELISA Kit

Catalog # KA0037      Size 1 Kit

## Specification

<b>Product Description</b>	S100B (Human) ELISA Kit is a HRP labelled antibody based sandwich enzyme immunoassay for the quantitative measurement of human S100B protein just only for serum samples, heparin plasma samples and cerebrospinal fluid samples.
<b>Suitable Sample</b>	Cerebrospinal Fluid, Serum
<b>Sample Volume</b>	100 uL
<b>Label</b>	HRP-conjugate
<b>Detection Method</b>	Colorimetric
<b>Assay Type</b>	Quantitative
<b>Calibration Range</b>	10 to 320 pg/mL
<b>Reactivity</b>	Bovine, Cat, Goat, Hamster, Human, Rabbit, Rat
<b>Regulation Status</b>	For research use only (RUO)
<b>Storage Instruction</b>	Store the kit at 4°C.

## Applications

- Quantification

## Gene Info — S100B

<b>Entrez GenelID</b>	<a href="#">6285</a>
<b>Gene Name</b>	S100B
<b>Gene Alias</b>	NEF, S100, S100beta

Gene Description	S100 calcium binding protein B
Omim ID	<a href="#">176990</a>
Gene Ontology	<a href="#">Hyperlink</a>
Gene Summary	The protein encoded by this gene is a member of the S100 family of proteins containing 2 EF-hand calcium-binding motifs. S100 proteins are localized in the cytoplasm and/or nucleus of a wide range of cells, and involved in the regulation of a number of cellular processes such as cell cycle progression and differentiation. S100 genes include at least 13 members which are located as a cluster on chromosome 1q21; however, this gene is located at 21q22.3. This protein may function in Neurite extension, proliferation of melanoma cells, stimulation of Ca <sup>2+</sup> fluxes, inhibition of PKC-mediated phosphorylation, astrocytosis and axonal proliferation, and inhibition of microtubule assembly. Chromosomal rearrangements and altered expression of this gene have been implicated in several neurological, neoplastic, and other types of diseases, including Alzheimer's disease, Down's syndrome, epilepsy, amyotrophic lateral sclerosis, melanoma, and type I diabetes. [provided by RefSeq]
Other Designations	OTTHUMP00000174958 S-100 calcium-binding protein, beta chain S100 beta S100 calcium binding protein, beta (neural) S100 calcium-binding protein, beta S100 calcium-binding protein, beta (neural)
