PAF Acetylhydrolase Inhibitor Screening Assay Kit

Catalog # KA1355 Size 1 Kit

Applications

Result Data

Result Data

Inhibition of human plasma PAF-AH by MAFP (IC_{50}= 250 nM).

Specification

Product Description	PAF Acetylhydrolase Inhibitor Screening Assay Kit is used for screening vast numbers of inhibitors of platelet-activating factor acetylhydrolase.
Regulation Status	For research use only (RUO)
Storage Instruction	Store the kit at -20°C.
Note	Result Data Result Data Inhibition of human plasma PAF-AH by MAFP (IC_{50}= 250 nM).

Applications

- Functional Study
