

Proc monoclonal antibody

Catalog # MAB0283 Size 100 ug

Specification

| | |
|---------------------|--|
| Product Description | Rat monoclonal antibody raised against native Proc. |
| Immunogen | Native purified Mouse Proc. |
| Host | Rat |
| Reactivity | Mouse |
| Specificity | This antibody recognizes mouse protein C. |
| Form | Liquid |
| Isotype | IgG |
| Recommend Usage | Western Blot (5 ug/mL) The optimal working dilution should be determined by the end user. |
| Storage Buffer | In PBS (50% glycerol) |
| Storage Instruction | Store at -20°C. Aliquot to avoid repeated freezing and thawing. |

Applications

- Western Blot
- Enzyme-linked Immunoabsorbent Assay

Gene Info — Proc

| | |
|---------------|-----------------------|
| Entrez GeneID | 19123 |
| Gene Name | Proc |

| | |
|---------------------------|---|
| Gene Alias | PC |
| Gene Description | protein C |
| Gene Ontology | Hyperlink |
| Gene Summary | VIII |
| Other Designations | inactivator of coagulation factors Va, VIII |
