

Plg monoclonal antibody

Catalog # MAB0284

Size 100 ug

Specification

Product Description	Rat monoclonal antibody raised against native Plg.
Immunogen	Native purified Mouse Plg.
Host	Rat
Reactivity	Mouse
Specificity	This antibody recognizes mouse plasminogen.
Form	Liquid
Isotype	IgG
Recommend Usage	Western Blot (5 ug/mL) The optimal working dilution should be determined by the end user.
Storage Buffer	In PBS (50% glycerol)
Storage Instruction	Store at -20°C. Aliquot to avoid repeated freezing and thawing.

Applications

- Western Blot
- Enzyme-linked Immunoabsorbent Assay

Gene Info — Plg

Entrez GeneID [18815](#)

Gene Name Plg

Gene Alias	AI649309, Pg
Gene Description	plasminogen
Gene Ontology	Hyperlink
Other Designations	angiostatin plasmin heavy chain A plasmin light chain B
