

F2 monoclonal antibody

Catalog # MAB0285

Size 100 ug

Specification

Product Description	Rat monoclonal antibody raised against native F2.
Immunogen	Native purified Mouse F2.
Host	Rat
Reactivity	Mouse
Specificity	This antibody recognizes mouse prothrombin.
Form	Liquid
Isotype	IgG
Recommend Usage	Western Blot (5 ug/mL) The optimal working dilution should be determined by the end user.
Storage Buffer	In PBS (50% glycerol)
Storage Instruction	Store at -20°C. Aliquot to avoid repeated freezing and thawing.

Applications

- Western Blot
- Enzyme-linked Immunoabsorbent Assay

Gene Info — F2

Entrez GeneID [14061](#)

Gene Name F2

Gene Alias	Cf-2, Cf2, FII
Gene Description	coagulation factor II
Gene Ontology	Hyperlink
Other Designations	prothrombin
