

Cytomegalovirus gB monoclonal antibody, clone P1204

Catalog # MAB13515 Size 500 ug

Specification

Product Description	Mouse monoclonal antibody raised against cytomegalovirus (CMV) gB.
----------------------------	--

Host	Mouse
-------------	-------

Reactivity	Cytomegalovirus (CMV)
-------------------	-----------------------

Specificity	This antibody reacts with gB of cytomegalovirus.
--------------------	--

Form	Liquid
-------------	--------

Purification	Protein G purification
---------------------	------------------------

Isotype	IgG
----------------	-----

Recommend Usage	Immunofluorescence The optimal working dilution should be determined by the end user.
------------------------	--

Storage Buffer	In PBS, pH 7.4.
-----------------------	-----------------

Storage Instruction	Store at -20°C. Aliquot to avoid repeated freezing and thawing.
----------------------------	--

Applications

- Immunofluorescence
