Helicobacter pylori CagA monoclonal antibody, clone 3C10

Catalog # MAB8103 Size 500 ug

Specification

Product Description	Mouse monoclonal antibody raised against recombinant *Helicobacter pylori* CagA.
Immunogen	Recombinant protein corresponding to *Helicobacter pylori* CagA.
Host	Mouse
Reactivity	Helicobacter pylori
Form	Lyophilized
Isotype	IgG1
Recommend Usage	The optimal working dilution should be determined by the end user.
Storage Buffer	Lyophilized from 10 mM PBS
Storage Instruction	Store at -20°C. Aliquot after reconstitution to avoid repeated freezing and thawing.

Applications

- Enzyme-linked Immunoabsorbent Assay
