Factor IXa monoclonal antibody, clone AMIXA-9042

Catalog # MAB8288 Size 100 ug

Specification

Product Description	Rat monoclonal antibody raised against Factor IXa.
Immunogen	Purified mouse Factor IXa.
Host	Rat
Reactivity	Mouse
Specificity	Mouse factor IX and IXa.
Form	Liquid
Purity	>95% by SDS-PAGE.
Recommend Usage	ELISA (Yes for mouse factor IX and IXa) Western Blot (Yes for mouse factor IX (reduced-weak and non-reduced-strong); yes for mouse factor IXa (non-reduced only)) The optimal working dilution should be determined by the end user.
Storage Buffer	In 50% Glycerol/H_2O (vol/vol).
Storage Instruction	Store at -20°C. Aliquot to avoid repeated freezing and thawing.
Note	Inhibitory Properties: Does not inhibit aPTT.

Applications

- Enzyme-linked Immunoabsorbent Assay
- Western Blot
