MAPT polyclonal antibody

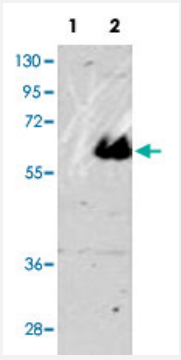

Catalog # PAB3865 Size 400 uL

Applications

Immunohistochemistry (Formalin/PFA-fixed paraffin-embedded sections)

Formalin-fixed and paraffin-embedded human hepatocellular carcinoma tissue reacted with MAPT polyclonal antibody (Cat # PAB3865) , which was peroxidase-conjugated to the secondary antibody, followed by AEC staining. This data demonstrates the use of this antibody for immunohistochemistry; clinical relevance has not been evaluated. BC = breast carcinoma; HC = hepatocarcinoma.

Western Blot (Transfected lysate)

Western blot analysis of MAPT (arrow) using MAPT polyclonal antibody (Cat # PAB3865).
293 cell lysates (2 ug/lane) either nontransfected (Lane 1) or transiently transfected with the MAPT gene (Lane 2).

Specification

Product Description	Rabbit polyclonal antibody raised against synthetic peptide of MAPT.
Immunogen	A synthetic peptide (conjugated with KLH) corresponding to C-terminus of human MAPT.
Host	Rabbit
Reactivity	Human
Form	Liquid
Purification	Protein G purification

Copyright © 2023 Abnova Corporation. All Rights Reserved.

Recommend Usage	Immunofluorescence (1:10-50) Immunohistochemistry (Formalin/PFA-fixed paraffin-embedded sections) (1:25) Western Blot (1:1000) The optimal working dilution should be determined by the end user.
Storage Buffer	In PBS (0.09% sodium azide)
Storage Instruction	Store at 4°C. For long term storage store at -20°C. Aliquot to avoid repeated freezing and thawing.
Note	This product contains sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which shoul d be handled by trained staff only.

Applications

- Immunohistochemistry (Formalin/PFA-fixed paraffin-embedded sections)

  Formalin-fixed and paraffin-embedded human hepatocellular carcinoma tissue reacted with MAPT polyclonal antibody (Cat # PAB3865) , which was peroxidase-conjugated to the secondary antibody, followed by AEC staining. This data demonstrates the use of this antibody for immunohistochemistry; clinical relevance has not been evaluated. BC = breast carcinoma; HC = hepatocarcinoma.

- Immunofluorescence

- Western Blot (Transfected lysate)

  Western blot analysis of MAPT (arrow) using MAPT polyclonal antibody (Cat # PAB3865).
  293 cell lysates (2 ug/lane) either nontransfected (Lane 1) or transiently transfected with the MAPT gene (Lane 2).

Gene Info — MAPT

Entrez GeneID	4137
Protein Accession#	NP_058519;P10636
Gene Name	MAPT
Gene Alias	DDPAC, FLJ31424, FTDP-17, MAPTL, MGC138549, MSTD, MTBT1, MTBT2, PPND, TAU
Gene Description	microtubule-associated protein tau
Omim ID	157140 168600 172700 260540 600274 601104
Gene Ontology	Hyperlink

Gene Summary	This gene encodes the microtubule-associated protein tau (MAPT) whose transcript undergoes c omplex, regulated alternative splicing, giving rise to several mRNA species. MAPT transcripts are differentially expressed in the nervous system, depending on stage of neuronal maturation and ne uron type. MAPT gene mutations have been associated with several neurodegenerative disorder s such as Alzheimer's disease, Pick's disease, frontotemporal dementia, cortico-basal degenerat ion and progressive supranuclear palsy. [provided by RefSeq
Other Designations	G protein beta1/gamma2 subunit-interacting factor 1|microtubule-associated protein tau, isoform 4
