

Double-stranded RNA (dsRNA) monoclonal antibody, clone K1

Catalog # MAB23681

Size 200 ug

Specification

Product Description	Mouse monoclonal antibody raised against dsRNA, clone K1
----------------------------	--

Host	Mouse
-------------	-------

Form	Lyophilized
-------------	-------------

Purification	Affinity chromatography on Protein A-agarose.
---------------------	---

Concentration	1 mg/mL
----------------------	---------

Isotype	IgG2a, kappa
----------------	--------------

Recommend Usage	Dot blot In Vitro Transcription dsRNA-immunoblotting ELISA Flow Cytometry Immuno-affinity-chromatography Immunocytochemistry Immunohistochemistry. The optimal working dilution should be determined by the end user.
------------------------	--

Storage Buffer	The lyophilised sample should be reconstituted with 200 µL sterile distilled water. The mAb will then be in PBS without any stabilisers at a concentration of 1 mg/mL.
-----------------------	--

Storage Instruction	Store at -20°C. For long term storage store at -80°C. Aliquot to avoid repeated freezing and thawing.
----------------------------	--

Applications

- Immunohistochemistry
- Immunocytochemistry
- Enzyme-linked Immunoabsorbent Assay

- Dot Blot
- Affinity Chromatography
- Flow Cytometry
- In vitro Transcription
