

sgRNA Synthesis Kit

Catalog # KA6448

Size 1 Kit

Specification

Product Description

Generate a gRNA DNA template containing a 5' T7 promoter. The kit provides components to perform subsequent in-vitro transcription of gRNA DNA template and obtain gRNAs which can be used for in-vivo genome editing.

Recommend Usage

CRISPR Genome editing
The optimal working dilution should be determined by the end user.

Storage Instruction

Store at -20°C.
Aliquot to avoid repeated freezing and thawing.

Applications

- CRISPR Genomic Editing
