

DYKDDDDK tag polyclonal antibody

Catalog # PAB12767

Size 100 ug

Applications

Western Blot (Transfected lysate)

The whole cell lysate from the over-expressed FLAG tagged recombinant protein was resolved onto 10% SDS-PAGE, then transferred onto NC membrane. Followed by an immune-blotting with DYKDDDDK tag polyclonal antibody (Cat # PAB12767) at 1 : 1000. Lane 2 was pre-incubated by immunizing peptide.

Specification

Product Description Rabbit polyclonal antibody raised against synthetic peptides of DYKDDDDK tag.

Immunogen A synthetic peptide corresponding to DYKDDDDK tag.

Host Rabbit

Specificity This antibody recognizes FLAG tagged fusion proteins.

Form Liquid

Recommend Usage
 Western Blot (0.1-1 ug/mL)
 ELISA (0.01-0.1 ug/mL)
 Immunoprecipitation (2-5 ug/mL)
 The optimal working dilution should be determined by the end user.

Storage Buffer In PBS, pH 7.2 (BSA, 10% Proclin300)

Storage Instruction
 Store at 4°C. For long term storage store at -20°C or -80°C.
 Aliquot to avoid repeated freezing and thawing.

Applications

- Western Blot (Transfected lysate)

The whole cell lysate from the over-expressed FLAG tagged recombinant protein was resolved onto 10% SDS-PAGE, then transferred onto NC membrane. Followed by an immune-blotting with DYKDDDDK tag polyclonal antibody (Cat # PAB12767) at 1 : 1000. Lane 2 was pre-incubated by immunizing peptide.

- Immunoprecipitation

- Enzyme-linked Immunoabsorbent Assay
