

SARS-CoV-2

RecomAb™

SARS-CoV-2 N recombinant human antibody, clone 2B3

Catalog # RAB01041

Size 1 mg

Applications

Result zone of the Testing Strip indicates IgG line (T line) and control line (C line). Testing recombinant SARS-CoV-2 N with Cat # RAB01041-Cat # RAB01040 in lateral flow immunoassay.

Specification

Product Description	Human recombinant monoclonal antibody raised against SARS-CoV-2 N.
Antibody Species	Human
Source / Expression System	HEK293
Immunogen	Original antibody is raised against recombinant protein corresponding to SARS-CoV-2 N.
Reactivity	SARS-CoV-2
Form	Liquid
Purification	Protein A purification
Isotype	IgG1
Quality Control Testing	Testing results of lateral flow immunoassay Result zone of the Testing Strip indicates IgG line (T line) and control line (C line). Testing recombinant SARS-CoV-2 N with Cat # RAB01041-Cat # RAB01040 in lateral flow immunoassay.

Recommend Usage	Capture Antibody Detection Antibody ELISA Lateral-Flow Immunochromatographic Assay The optimal working dilution should be determined by the end user.
------------------------	---

Matched Pair	Capture Ab: RAB01041 Detection Ab: RAB01040
---------------------	--

Storage Buffer	In 10 mM PBS
-----------------------	--------------

Storage Instruction	Store at -20°C. Aliquot to avoid repeated freezing and thawing.
----------------------------	--

Applications

- Enzyme-linked Immunoabsorbent Assay
- Capture Antibody
- Lateral-Flow Immunochromatographic Assay
- Detection Antibody
